

## NOTICES OF RULEMAKING DOCKET OPENING

The Administrative Procedure Act (APA) requires the publication of Notices of Rulemaking Docket Opening whenever an agency opens a rulemaking docket to consider rulemaking. Under the APA effective January 1, 1995, agencies must submit a Notice of Rulemaking Docket Opening before beginning the formal rulemaking process.

### NOTICE OF RULEMAKING DOCKET OPENING

#### DEPARTMENT OF ECONOMIC SECURITY

1. **Title and its heading:** Title 6, Economic Security  
**Chapter and its heading:** Chapter 2, Department of Economic Security - Employment and Training  
**Article and its heading:** 1, General Provisions  
2, Employment Services Provided By the Department  
3, Obtaining Employment Services  
**Section numbers:** R6-2-101 through R6-2-103; R6-2-201 through R6-2-210; R6-2-301 through R6-2-304  
(Additional Sections may be developed at a later time.)
2. **The subject matter of the proposed rule:**

R6-2-101 defines terms used in Title 6, Chapter 2, Articles 2 through 4 of the *Arizona Administrative Code* and R6-2-102 and R6-2-103 incorporate by reference the federal rules containing detailed provisions concerning the complaint process and the procedures the Department must follow to exclude an employer who submits substandard work orders from further participation in the employment service program.

The Department will amend R6-2-101 through 103 to make minor grammatical changes, update the revision dates of the rules incorporated by reference, and conform incorporation language to current style and form requirements.

Although R6-2-201 through 210 are consistent with the statutes and other rules promulgated by the Department, the Department is not satisfied with the rules. When last amended in 1994, clarity and conciseness were improved, and the language was brought into conformity with GRRC stylistic requirements. However, the information in the rules is poorly organized, and there is a great deal of information contained in the rules that is only Department internal procedure. The Department intends to repeal the 10 rules in Article 2 and to propose 4 new rules. The new rules will separately organize employer and worker services, and delete internal procedure.

Although R6-2-301 through 304 are consistent with the statutes and other rules promulgated by the Department, the Department is not satisfied with the rules. When last amended in 1994, clarity and conciseness were improved, and the language was brought into conformity with GRRC stylistic requirements. However, the information in the rules is poorly organized, and there is a great deal of information contained in the rules that is only Department internal procedure. The Department intends to repeal the 4 rules in Article 3 and to incorporate the material not deemed internal procedure with the 4 new rules that will be set up in Article 2. The Department believes the processes and procedures by which workers and employers may obtain services should not be separated from a listing of the types of services provided.
